

Matthew J. Groessl

mgroessl@affygility.com

PROFESSIONAL SUMMARY

Senior Environmental, Health & Safety professional with 30+ years of experience in the pharmaceutical and life sciences industries. Expertise in industrial hygiene, potent compound containment, SDS authorship, risk assessments, and OSHA compliance. Proven track record of supporting biotechnology firms and pharmaceutical manufacturers. Also serves as Quality Program Manager and contributes to business development through client engagement and industry conference participation.

PROFESSIONAL EXPERIENCE

Affygility Solutions, LLC | Senior EH&S Specialist / Quality Program Manager | 2015; 2017 – Present

Provide comprehensive EH&S consulting services to pharmaceutical, biotech, and life-sciences clients, encompassing industrial hygiene monitoring, potent compound safety, SDS authorship, risk assessments, regulatory compliance, and OSHA training. Responsible for internal quality program management and business development.

- Authored 45+ GHS-compliant Safety Data Sheets (SDS) annually for each of the past five years, covering a broad range of pharmaceutical and chemical substances.
- Over the past five years, conducted 15+ gap and risk assessments for Contract Development and Manufacturing Organizations (CDMOs), evaluating handling of potent compounds, containment controls, and regulatory compliance.
- Conducted 20+ industrial hygiene and surrogate/occupational exposure studies over the past five years, including air and wipe sampling, as well as containment performance verification.
- Serve as Quality Program Manager for Affygility, overseeing quality system documentation, internal audits, and continual improvement efforts.
- Support business development through client sales meetings, exhibit staffing, and attendance at professional conferences, including AIHA Connect and the Parenteral Drug Association (PDA) Annual Meeting.
- Conducted safety audits and containment validation projects for potent compounds for pharmaceutical CDMOs.
- Conducted DOT/IATA hazardous materials transportation training for multiple clients.
- Conducted noise monitoring for multiple pharmaceutical manufacturing facilities.
- Designed potent compound onboarding programs and performed ergonomic workstation evaluations.
- Performed laboratory assessments for 32 companies at a regional biosciences' campus.

- Provide ongoing EH&S consulting support to multiple mid-size pharmaceutical companies.
-

Avista Pharma Solutions | Senior Manager, EHS | 2016 – 2017

Managed EH&S programs across three sites. Responsibilities included corporate metrics, potent compound safety and onboarding, GMP manufacturing safety, ISO 9000 compliance, hazardous waste management, OSHA compliance, and industrial wastewater permits.

AMG Quality Consulting | Owner / Operator | 2013 – 2015

Provided comprehensive EH&S consulting services including chemical waste management, radiation safety, program development, laboratory auditing, regulatory compliance, and training.

OSI Pharmaceuticals | Multiple Roles | 2000 – 2013

Senior Manager, EH&S (2009 – 2013)

Directed corporate EH&S programs including strategy development, objective setting, staff training, budgetary management, and executive reporting. Managed EH&S at facilities in multiple states.
